Welcome to My Story Are you looking for books Pride, Prejudice, and Other Flavors: A Novel ? You are in the right place! Award-winning author Sonali Dev launches a new series about the Rajes, an immigrant Indian family descended from royalty, who have built their lives in San Francisco—a compelling, heartwarming romance between two strangers from completely different worlds, and a poignant exploration of cultural assimilation, identity, and the meaning of the word home.Only in a family like the Rajes could San Francisco’s most acclaimed neurosurgeon be considered the black sheep. Dr. Trisha Raje has developed groundbreaking technology and won the respect of her peers and the life-long gratitude of her patients. Still, her large, close-knit family—descended from old

Indian nobility—has certain rules to uphold. Trusting outsiders is frowned upon. Disloyalty of any kind is unacceptable. Trisha never intended to jeopardize her brother's political aspirations, yet her long-ago actions inadvertently did just that. At last she has a chance to turn that around. Up-and-coming chef DJ Caine has known people like Trisha before—people who judge his background and find it lacking, who put pedigree above character. He may need the lucrative, career-making job the Rajes offer, but he has little time for Trisha, especially when he learns that she's the arrogant surgeon who wants to perform an untested procedure on his sister, Emma. As the two continually clash, their assumptions shatter like spun sugar on one of DJ's stunning desserts. Drawn to DJ's steadiness, humor, and passion—as well as his extraordinary food—Trisha begins to reexamine her view of the world, while challenging his beliefs about the nature of family. But there's a past to be reckoned with before they can hope to savor a future bursting with delicious possibility.
