

Assignment I
Due date 6 /4/2020

Analytical and descriptive assignment based on developing a strategic behavior management plan for people who are not following the instructions of company. Please use different approaches in order to get the desired performance.

Course Title: Introduction to Psychology

Semester: V

Instructor: Zaib Samraz

Fall Semester (2019)

Total marks: 5

Overview

Certain behavioral approaches(reinforcement and punishment) should be considered that must be evidence-based for treating some maladaptive(dysfunctional or undesirable) work behavior. A proper management plan is the modified form of strategies or behavioral approaches for your disobeying staff. Your plan should be applicable in different scenarios such as in academic institutes or at work place as well. Recalling the previous exercises for management plan (practiced in class)

Performance indicators

- Conceptual Clarity based on logical thinking (3 marks)
- Within text and back References (1 mark). Follow APA.
