

Welcome

Dear students

I am Dr Abou Bakar and I will be your teacher for this course on Mondays and Tuesdays. **Please note that sessions** start in fourth week of February on 24th Feb, 2020.

As detailed in course outline, covering key areas from both practitioner and academic perspectives, Human Resource Management explores critical issues in management process of HR planning, Job Analysis, Recruitment & Selection, Training & Development, Motivation and Performance appraisal, Compensation management, Employee relations and global HRM. The course equips students with the skill set for effective management of Human Resource and life-long learning throughout their career.

Please refer to your course outline, course materials for readings and activities and contact me if you have any questions. I welcome you to this course and see you this week.

Regards

Dr Abou Bakar
