

# Vocabulary Building

By Eide Hillal

# Building blocks of language

# Statistics

- 120 words are only needed to survive
- 2000 Words is enough to understand the English language
- 10,000 Words makes you Champaign in English language
- Native speakers know only 20,000 Words
- Total number of English words are above 1 Million.

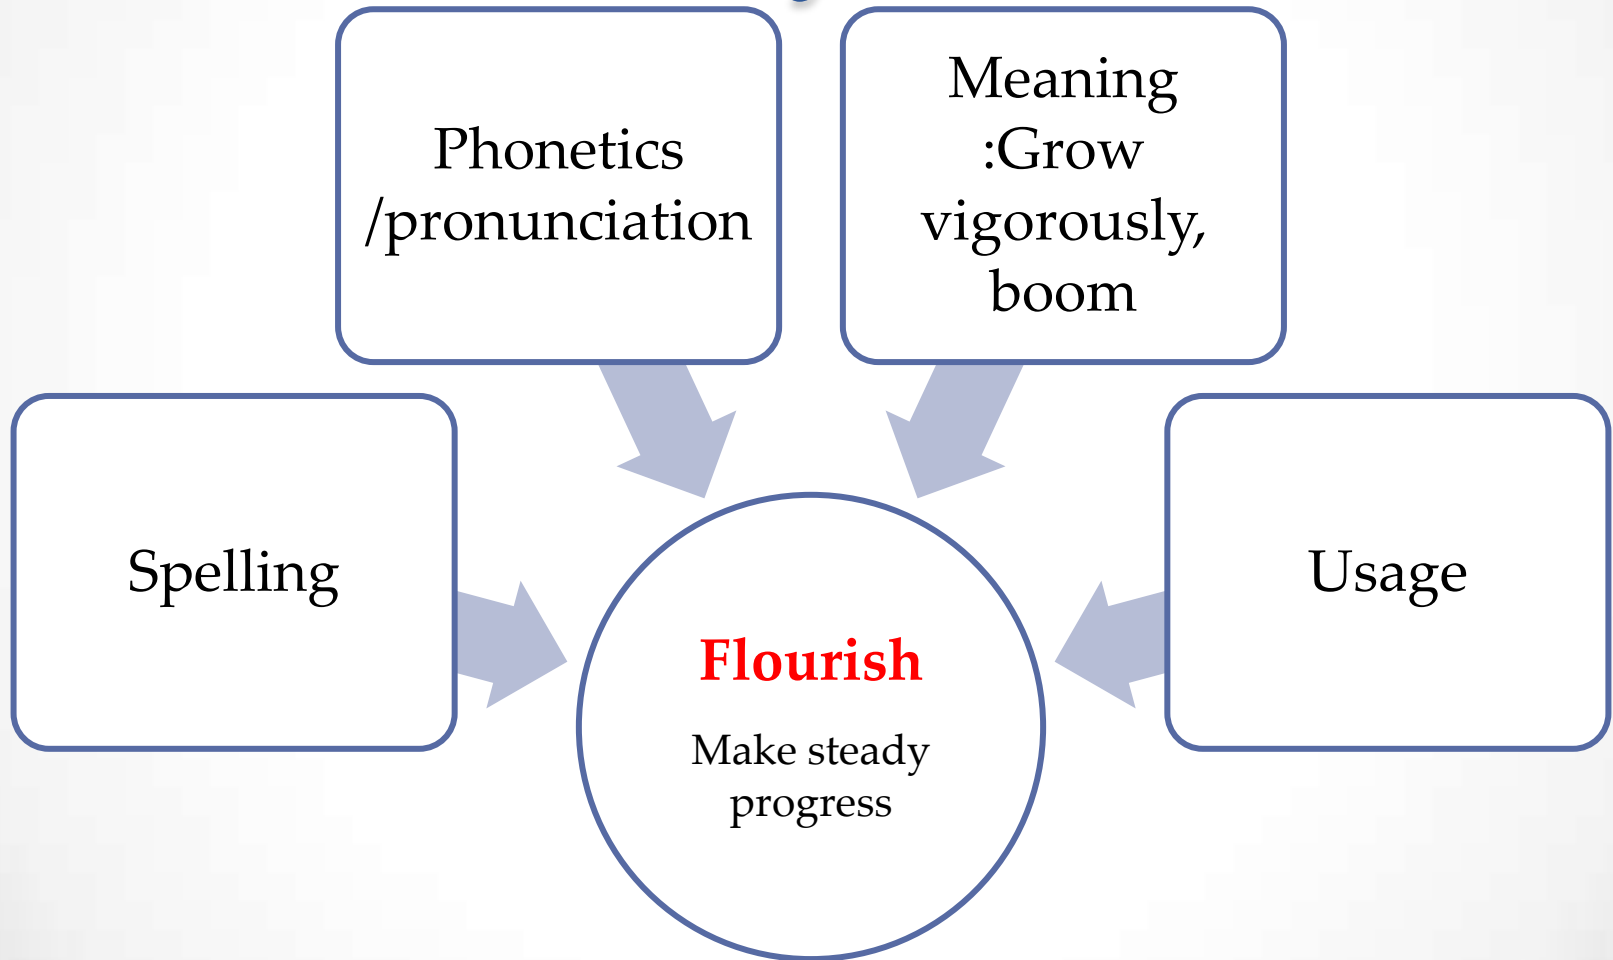

**Did you know vocabulary is more important than grammar.**

The difficult task is how to memorize Words.

# Truth of the matter is

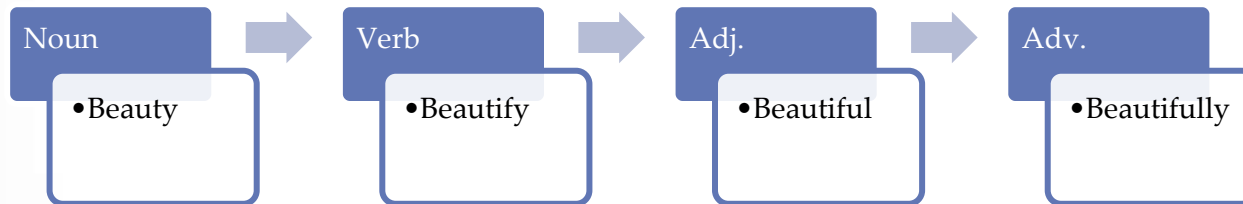

- People learn languages with words and words come to us from various sources
1. **Listening ( Listen as often as you can.)**
  2. **Reading ( While reading Note difficult words)**
  3. **Watching (Watch Phonetics of native speakers)**
  4. **Thinking ( very important)**

# Vocabulary structure

# Actions
